**CITY OF CAMBRIDGE FINANCE DEPARTMENT
Banking Services**

The City of Cambridge (the City) is soliciting bids for banking services from qualified, full-service banking institutions with demonstrable experience in the municipal area. The City will pay for these services on a direct fee basis. The successful Offeror will be required to provide complete banking services to the City commencing May 5, 2012.

Prospective Offerors must demonstrate the ability to provide the full range of banking services described in this document must meet all quality requirements and must submit a completed bid package. Bidders are encouraged to attend the pre-bid conference. All banking institutions submitting a proposal must be familiar with and able to comply with all Massachusetts General Laws (MGL) pertaining to municipal banking relations.

SCOPE OF SERVICES

Account Structure

The City's account structure includes separate accounts for deposit and disbursement accounts. Deposits are made into eight main accounts: Lockbox, Traffic & Parking Lockbox, Concentration (City general receipts), Traffic & Parking general receipts, Police Detail, Fire Detail, Cemetery, School Lunch and Health Claims Trust. The City uses a lockbox services for parking ticket receipts, and for tax and utility receipts. The lockbox services make deposits to specified accounts at the principal bank. Disbursements are made from the following accounts: City Payroll, Payroll Deductions, Vendor and Payroll Tax. All accounts must be interest bearing. Funds in the deposit accounts are either transferred to the disbursement accounts or transferred to accounts for investment purposes.

The City's policy is to fund each disbursement account fully each time checks/direct deposits/EFT payments are issued. However, if any disbursement account is overdrawn, the bank will honor all checks that clear against the disbursement accounts, and will charge the City an overdraft fee. This fee is calculated by multiplying the amount of the overdraft by the current prime rate for one day on a 365 day basis. The City does not foresee an overdraft occurring in a non-disbursement account; however, the overdraft fee in all other accounts described in this section will be calculated in the same manner, should the account become overdrawn.

All returned checks must be re-deposited at least once. Among the other accounts that the City has is the Collector's account. Checks returned for insufficient funds, which were deposited into the Concentration or Lockbox deposit accounts, are charged against the Collector's account. Debits for NSF checks are not charged to the Concentration or Lockbox accounts. However, checks deposited into the other deposit accounts and returned for NSF are charged directly to those individual accounts.

The City reserves the right to require full collateral for its deposits over \$250,000.

Wire Transfers, ACH Collections/Disbursements

On a daily basis, the City makes wire transfers of funds either from its principal bank to other banking institutions, or from other institutions into the principal bank. Outgoing wire transfers requested by the City prior to 12 noon, must be effective that day. Funds received through incoming wires are available as soon as confirmed. The City also makes daily transfers between the accounts at the principal bank. Incoming and outgoing wires, as well as transfers between accounts will be charged to the City only as wire transfers or internal transfers and not as items deposited or checks paid. All wires from the principal bank to other banking institutions must have second approval.

The Offeror must accept Federal Reserve Automated Clearing House (ACH) collections and must be able to process disbursements through the Federal Reserve to any banks that are members of the ACH. The City receives payments from the Commonwealth through direct deposit to its principal bank. The federal government and banks or mortgage companies paying escrow accounts also make periodic payments via wire or ACH. In addition, the City offers its employees direct deposit of payroll checks. The City provides electronic transmission of direct deposit data to the bank by 5:00 p.m. the day before the check date. All employees who have accounts at the principal bank are guaranteed next day deposit of funds (i.e. check date); all other accounts are credited no later than the next business day (i.e. one business day after check date).

Name of Bidder: _____

The Offeror must be able to accept and process the direct deposit data transmission under these constraints. Direct deposit information is provided electronically using FTP. The file language is ASCII. The Offeror must be able to receive and process information provided electronically.

Automated Reconciliation Plan (ARP)

The vendor and payroll accounts are reconciled each month by an automated reconciliation plan (ARP). The monthly ARP report for each account lists all checks issued that month, indicates which items have been paid, and lists all checks, with payee ID, that are outstanding, stopped or voided. The City would like the ARP information electronically, as well as a report must be delivered to the City in hard copy and via CD Rom within 15 business days after the close of the month. On a weekly basis, the City provides payroll and vendor account reconciliation information (issued checks, voided checks) electronically, as described above. The Offeror must be able to process information provided in this format. Cancelled checks are stored by the bank. Please see attachment A for Reconciliation requirements.

The City requires positive pay function, preferably at the teller level, for vendor and payroll disbursement accounts.

Deposit of Funds

The City makes daily deposits of collections received at the cashier's window in City Hall and other city department locations such as Traffic and Parking and various recreational facilities. Several departments drop off late night deposits at a Cambridge branch of the principal bank. Currently, Century Bank performs lockbox services for City receipts. Century Bank makes deposits directly to the Lockbox account at the principal bank each day. On average, Century Bank deposits 8,500 encoded items per month into this account, with the heaviest activity during October and April when property tax bills are due and February, when motor excise tax bills are due. ACS is the City's parking ticket processing agent. This company makes deposits directly to the Traffic and Parking Lockbox account.

The City currently depositing approximately 3,000 checks per year remotely from 17 different locations using a web based application together with Panini image check scanners. The City will require remote deposit capabilities.

Account Balance Reporting

The City receives a daily report of account activity for each of its disbursement and depository accounts via fax. The bank notifies the City each morning by 9 a.m. of the total amount and number of credits and debits. The City also receives a fax notifying it of State or Federal payments that have been deposited. The City intends to maintain a similar policy regarding account information. Additionally, the City uses on-line via secured internet web access to account inquiry, Wire Transfer, ACH tracking and check stop payment and void capabilities. The City will specify either daily and/or monthly bank statements for each depository account. For some accounts, multiple copies of bank statements are required, with copies mailed directly to departments (e.g. Traffic and Parking Department).

General Banking Services

General services include stop payments, voids, research and retrieval of cashed checks, processing of Affidavits of Forgery, etc. While most of these are routine banking functions, it is important that these services are provided as quickly and efficiently as possible. The City requires that stop payments and voids be processed the same day that the bank is notified. Requests for copies of cashed checks should be processed within 5 business days. The City prefers to use an on-line application for placing stop payments and retrieving copies of cashed checks.

CD Rom Services

All ARP reports should be provided to the City each month on CD Rom as well as in paper form. All canceled checks should be put on CD on a monthly basis by paid date in numerical order. Each disbursement account for which these services are provided must be processed separately.

2.121.040 Waivers and Exceptions.

(a) Waivers. A Covered Employer may request that the City Manager grant a partial or whole waiver to the requirements of this Chapter.

c) Hardship Waivers for certain not-for-profit employers. An employer, who has a contract with the City of Cambridge which is not subject to the provisions of G.L. c. 30B, may apply to the City Manager for a specific waiver where payment of the Living Wage by a not-for-profit Covered Employer would cause a substantial hardship to the Covered Employer.

(d) Chapter 30B contract waivers. Prior to issuing an invitation for bids for a procurement contract subject to the provisions of G.L. c. 30B, any Applicable Department may apply to the City Manager for a waiver of the application of the Living Wage to the contract where payment of the Living Wage by a Covered Employer would make it inordinately expensive for the City to contract for the services or would result in a significant loss of services, because the contracted work cannot be segregated from the other work of the Covered Employer.

(e) General Waiver Request Contents. All General Waiver requests shall include the following:

- (1) The nature of the Assistance to which this Chapter applies;
- (2) The specific or official name of the Assistance and Assistance program, the statutory or regulatory authority for the granting of the Assistance, and a copy of that authority;

(h) Community Advisory Board review and recommendation regarding waiver requests. The Community Advisory Board, as described in Section 2.121.070 of this ordinance, shall consider waiver requests along with their supporting documentation and analysis, and may hold a public hearing to consider the views of the public before making a recommendation to the City Manager regarding the waiver request. For a hardship waiver, the Community Advisory Board shall offer an opportunity to be heard to employees of the Covered Employer. After reviewing the recommendation of the Community Advisory Board, the City Manager may approve and grant or deny all or part of a request. The City Manager may in his or her discretion grant a temporary hardship waiver pending the hearing before the Community Advisory Board. For Chapter 30B contract waivers, the Community Advisory Board shall make its recommendation to the City Manager no more than thirty days after it is notified of the request for a Chapter 30B contract waiver.

(i) Terms of exceptions. If an employer is subject to this Chapter as a result of its receipt of more than one kind of Assistance covered by this Chapter, and if the City Manager grants a waiver with respect to one form of Assistance, the City Manager need not find that this Chapter is inapplicable to the employer with respect to another form of Assistance received by the employer.

City of Cambridge CORI Policy

1. Where Criminal Offender Record Information (CORI) checks are part of a general background check for employment or volunteer work, the following practices and procedures will generally be followed.
2. CORI checks will only be conducted as authorized by Criminal History Systems Board (CHSB). All applicants will be notified that a CORI check will be conducted. If requested, the applicant will be provided with a copy of the CORI policy.
3. An informed review of a criminal record requires adequate training. Accordingly, all personnel authorized to review CORI in the decision-making process will be thoroughly familiar with the educational materials made available by the CHSB.
4. Prior to initiating a CORI check, the City will review the qualifications of the applicant to determine if the applicant is otherwise qualified for the relevant position. The City will not conduct a CORI check on an applicant that is not otherwise qualified for the relevant position.
5. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determination of suitability based on CORI checks will be made consistent with this policy and any applicable law or regulations.
6. If a criminal record is received from CHSB, the authorized individual will closely compare the record provided by CHSB with the information on the CORI request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.
7. If, in receiving a CORI report, the City receives information it is not authorized to receive (e.g. cases with dispositions such as not guilty or dismissal, in circumstances where the City is only authorized to receive convictions or case-pending information), the City will inform the applicant and provide the applicant with a copy of the report and a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record* so that the applicant may pursue correction with the CHSB.
8. If the City of Cambridge is planning to make an adverse decision based on the results of the CORI check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the City's CORI policy, advised of the part(s) of the record that make the individual unsuitable for the position and given an opportunity to dispute the accuracy and relevance of the CORI record.
9. Applicants challenging the accuracy of the criminal record shall be provided a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record*. If the CORI record provided does not exactly match the identification information provided by the applicant, the City of Cambridge will make a determination based on a comparison of the CORI record and documents provided by the applicant. The City of Cambridge may contact CHSB and request a detailed search consistent with CHSB policy.
10. If the City of Cambridge reasonably believes the record belongs to the applicant and is accurate, then the determination of suitability for the position will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to the following:
